With Kansas City Life Insurance Company's fixed deferred annuities, you have help making sure your resources last throughout your retirement – no matter how many years that might be.

Fixed deferred annuities provide the safety of a fixed interest rate that allows money to grow at competitive, guaranteed minimum interest rates without being subject to stock market fluctuations as well as tax-deferred growth.

A fixed deferred annuity from Kansas City Life will also give you access to your money when you need it,\* a guaranteed death benefit for your heirs along with the ability to generate a stream of income that's guaranteed to last a lifetime.

You owe it to yourself to learn all that a fixed deferred annuity can do for you.
